Dear Ms U

It is with immense pride and joy that I write to you to share some heartwarming news regarding one of your former students, who has continued to excel in his educational journey with us.

On 31 March, 2024, our school had the privilege of participating in the 24th Hong Kong Secondary School Trampoline Gymnastics Competition, an event that showcases talents of young gymnasts from across Hong Kong. I am thrilled to inform you that Yip, a student currently in S.2C of our school and an alumnus of yours, played a pivotal role in leading our C Grade team to achieve the position of 2nd Runner-up in this prestigious competition. More encouragingly, he attained an individual prize of 3rd Runner-up in C Grade as well.

These remarkable achievements speak volumes not only of Yip's dedication and talent, but also of the solid foundation laid during his formative years at your school. The skills, values and discipline instilled in him at your school have been instrumental in his continued success and development.

We wish continued success in all the endeavors in your school, and may we continue to work together in nurturing the leaders of tomorrow.

Warm regards

Caroline Sin Nga Lam

Dear Ms U

It is with great pride and joy that I write to share the outstanding achievement of an alumnus of your school, in the recent Secondary School Think and Create Competition 2023-24, part of the CUHK Jockey Club AI for the Future Project.

From October 2023 to March 2024, a team of our students, including your alumnus Leung, a current S.5 student with us, was awarded the **Outstanding Social Awareness Award**. This year's competition, themed "AI for Fun", challenged participants to harness the potential of artificial intelligence in creating innovative solutions. Our students, through their project "Clowny: AI-Generated Comedy Comics and Jokes for Fun," demonstrated exceptional innovation and a deep understanding of the role technology can play in addressing social issues. Their proposal focused on utilizing AI to generate personalized comedic content, with the aim of addressing mental health challenges in Hong Kong through laughter and communication.

This achievement is not only a testament to the students' hard work and creativity, but also to the foundational education and values instilled in them during their formative years at your school. The skills and support they received under your guidance have been instrumental in shaping their ability to think critically, innovate, and collaborate effectively on projects of this magnitude.

Please accept our heartfelt thanks for your commitment in education and our warmest congratulations on the success of your alumnus. We look forward to future collaborations and the continued success of our students, both current and former.

Warm regards

Dear Ms U

I am delighted to share that Tam Bosco, a former student of your school and currently in S.5 at Kwun Tong Maryknoll College, has achieved notable success in a renowned English Public Speaking Competition, securing the first runner-up position territory-wide in the senior secondary category.

This competition is highly regarded for its competitive nature and the caliber of participants it attracts from across Hong Kong. This is the 21st year of the competition's history, and it attracted over 1500 competitors from 190 secondary schools. Bosco's performance was exceptional, demonstrating not only his mastery of English but also his ability to engage and inspire his audience with deep insights on a topic related to resilience and personal growth.

We are incredibly proud of Bosco's achievement and grateful for the strong foundation he received at your school, which has undoubtedly contributed to his success. This is a testament to your school's dedication to excellence in education and personal development.

Thank you for your role in nurturing such a talented individual. We celebrate this achievement with you and look forward to Bosco's continued success.

Warm regards
